

MICHAEL THOMSON

Albany City Council - Ward 1

“—

“With a wealth of experience and a record of working with others to get results, Michael Thomson is North Albany’s clear choice for City Council.”

— Greg Hamann, North Albany Resident & former President,
Linn Benton Community College

NORTH ALBANY PRIORITIES

RESPONSIBLE MANAGED GROWTH

North Albany is unique, and growth should reflect that. The proposed 80 townhomes off Gibson Hill Road aren't responsible growth. Michael will ensure future development benefits North Albany without increasing costs for current residents.

UTILITY FEES

The current council often adds City fees to our already high utility bills. Michael's leadership on elected Boards will ensure North Albany residents have a voice, advocating for any new taxes or fees to be decided by voters.

EXPERIENCE

Michael has served Ward 1 through various non-profits and managed public budgets as an elected official. With deep knowledge of North Albany and experience making tough decisions, he's the clear choice for City Council, Ward 1B.
